William Viviant, 373 Esplanade.
Two of the new cases are in Algiers, making seven that have appeared in that suburb.
The disease has apparently died out at Ocean Springs.

BETTER REPORT FROM MOBILE.

Sickness Not So Alarming, but Great Destitution Prevails.

MOBILE, Oct. 7.—The total cases of yellow fever here reached the hundred mark yesterday. Total deaths to date, 16. There were no deaths reported yesterday and only four new cases, namely:

Charles Eastburn.
Sister Genovosa, city hospital.
Mary McDonald, Marine street.
K. Smith, Warren near Savannah.
All the cases are in the old infected district.

The relief work is proceeding with commendable rapidity. Many in destitution have been helped. In some instances there were found families who by reason of sickness of members or by having their bread winner out of work, were without the least bit of food in the house. Some very touching appeals have reached the committee who are usually in good circumstances but are now compelled to ask for assistance.

Sixteen New Cases at Edwards.

EDWARDS, Miss., Oct. 7.—Dr. Dunn of the state board of health gives out the following report: There has been 16 new cases of fever during the past 24 hours, as follows: S. E. Birdsong, Jr., Frank Fisher, Miss Jennie Wimbley, Mrs. O. Noblin and 12 negroes. Total deaths to date, 15; total cases to date in town and the immediate country, 366; total number convalescent and discharged, 205; total under treatment, 106; seriously ill, 8; with black vomit, 1.

Report From Biloxi.

BILLOXI, Miss., Oct. 7.—The board of health report: Yellow fever cases under treatment, 120; suspicious cases, 4; other cases, 5; new cases, 7; total yellow fever to date, 256; total deaths to date, 10; deaths yesterday, 1.

Suspicious Case at Brewton, Ala.

BREWTON, Ala., Oct. 7.—Robert S. Rabb, a train quarantine guard, was taken sick at his home in Alcoa last Monday. His physician now reports his case as suspicious of yellow fever.

FIRE NEAR NASHVILLE.

Planing Mill, Box Factory, Foundry and Machine Works Destroyed.

NASHVILLE, Oct. 7.—Last night between 8 and 9 o'clock, fire was discovered in the plant of J. R. Ransom & Company's planing mill and box factory, on the Nashville, Chattanooga and St. Louis railroad, about a mile from this city. The plant and lumber yard covered about 15 acres and were almost

totally swept by the flames. Loss about \$100,000; insurance about \$60,000.

The globe foundry machine works were also almost totally destroyed. Loss, \$19,000; not fully covered by insurance.

The fire department sent four engines but the water supply was inadequate and the fire could only be confined to the property destroyed. Many operatives are thrown out of employment.

FIRE IN CHICAGO.

A Number of Frame Structures in the Vicinity of the Stockyards Burned.

CHICAGO, Oct. 7.—Fanned by a strong wind from the west, a fire, which broke out in the Dexter Park pavilion at the Union stockyards yesterday afternoon, spread to the district between Halsted street and Union avenue, and Forty-third and Forty-fifth streets, demolishing a number of business houses and residences.

The worst sufferers among the residents were those living along Halsted street between Forty-third and Forty-fourth streets. Business houses and residences alike, all of them frame structures furnished ready material for the flames, which raged from 3 o'clock until 5 and then yielded to the vigorous work of the fire department.

One man whose name is at present unknown was burned to death, and the following people were injured:

Patrick Casey, employee of stockyards; not serious.
Maurice Maloney, fireman, overcome by smoke and heat; will recover.
P. F. Shearn, broken leg.
Henry Walsh, employee of stockyards, slightly burned.

William Donahue, fireman, injured by falling timber; will recover.
The chief loss resulting from the fire is as follows: Dexter Park pavilion, consisting of eight barns, \$50,000; Armour & Company's sheds near pavilion, \$800; feed in pavilion, \$5,000; Freight cars belonging to the Union Stockyards and Transit company, and the Chicago and Alton railroad, \$1,000.

Twenty-eight residences and stores were damaged by the flames, the loss in each particular instance being small. The damaged buildings include all those between 4301 to 4403 Halsted street, not one building in the block between Forty-third and Forty-fourth street escaping damage.

Charged With Counterfeiting.

MILWAUKEE, Oct. 7.—Two men giving their names as Ernest Saxton and Robert Hackett have been arrested here on suspicion of being counterfeiters. Being unable to furnish \$2,500 bail they have been locked up. The men hail from Chicago, where, it is alleged they carried on a counterfeiting business quite extensively. Detective Koeller of Milwaukee has returned from Chicago, having in his possession a box containing \$100 of spurious coin of different denominations, together with the molds which were found in the room occupied by the men.

TO PREVENT TROUBLE

Why Two Revenue Cutters Are at St. Michael's.

MANY DESPERATE MEN THERE.

An Outbreak Likely to Occur at Any Time—Impossible to Reach the Gold Fields This Winter—High Prices Prevail in St. Michael's—The Big Find Not Exaggerated.

PORT TOWNSEND, Wash., Oct. 7.—A private letter received from St. Michael's via the cutter Perry from Dutch harbor explains the story published some time ago about an Alaska treasure ship requiring protection by revenue cutters against the possibility of piratical attacks. It is not to guard against pirates that the vessels are needed. Ever since the movement toward Klondike began steamers from the seas have been dumping all sorts and conditions of men at St. Michael's. The gathering has been getting worse from month to month and as a result the Rush and Corwin are now at St. Michael's ready to land men at a moment's notice and put a stop to any trouble which might, considering the fierceness of the miners, quickly spread into a riot. The marines will remain at St. Michael's until all possibility of trouble is past.

The general impression at St. Michael's is that the boats that leave there from this time on will not be able to get over 1,000 miles up the river before they will be frozen in. All independent steamers are compelled to carry coal, as the natives have cut up all the driftwood along the rivers, and for over 100 miles and have sold it to the steamships owned by the two big companies. The new finds on Minook and Hunter creek continue to cause excitement, and there are now about 600 miners on the ground.

In St. Michael's sugar is 25 cents per pound, shot shells are 25 cents each, bacon 35 cents a pound, blanket trousers \$8, chocolate drops 3 for 25 cents; 5-cent calico 35 cents a yard, cotton bandanna \$1 each, flour \$8 a hundred-weight, canned goods 35 cents per pound, small box of sardines 50 cents.

Six men have probably lost their lives near here as the result of a foolhardy attempt to sail up the 1,850 miles of river, which some places runs down at the rate of eight miles an hour. The men, two of whom are named Ambrose and Tate, were last seen drifting out of the month of the Yukon to sea in distress. Three men in a sail boat started up the river from here last week, and have not been seen by anybody since. Their names are Matthews, Roberts and Schultz.

Will Build a Big City.

DULUTH, Minn., Oct. 7.—Major M. R. Baldwin, ex-Minnesota congressman, will leave here next week for Alaska. His intention is to visit different points along the coast during the winter, where it is likely that a city will be built, and next spring make a trip up the Yukon and into the Klondike district. He will prospect on the Coral islands for quartz leads, and if he finds it practicable, will go to Copper river, where some discoveries have been made recently that are said to rival those of the Klondike. Mr. Baldwin said he was convinced that another San Francisco will be speedily built on the Alaskan coast.

Gold Find Reports Not Exaggerated.

TACOMA, Wash., Oct. 7.—Henry Bratnaber, the celebrated mining expert for the Rothschilds of London, has reached Tacoma direct from Dawson City. He came over the Dalton trail and made nearly a hundred miles of Lynn canal he found the mail carrier, who was lost, and they came the balance of the distance together. Mr. Bratnaber left at once for San Francisco, and refused to talk about his own business, but said that the amount of gold on the tributaries of the Yukon was not exaggerated.

SEVEN LIVES LOST.

Girl Dormitory of the South Dakota Industrial School Burned.

PLANKINTON, S. D., Oct. 7.—One of the worst disasters in the history of the state occurred last midnight when seven lives were lost by the burning of the girls' dormitory at the state industrial school. The dead are:

Tillie Hooper, instructor.
Mabel Tobert, aged 9, of Sioux Falls.
Bessie Merby, aged 14, of Hot Springs.

Ida Warner, aged 16, of Watertown.
Christina Bergman, aged 11, of Yankton.

Nellie Johnson, aged 13, of Grafton, North Dakota.
Lillian West, aged 11, of Sioux Falls.

The burned structure was of wood, three stories in height and was but recently completed. The origin of the fire is unknown. The watchman saw the flames bursting from the upper windows while he was in a building some distance away. There was no fire fighting apparatus at the school and the buildings being over a mile from town no aid could be rendered. In a short time the entire annex was enveloped in flames and in less than 20 minutes from the time the fire was seen the building was destroyed. Nothing whatever was saved.

There were about 25 other persons in the school who escaped in their night clothes with the greatest difficulty. The loss on the building is \$25,000.

CLARKSVILLE, Tenn., Oct. 7.—Simon Elliott, Irwin Collins and Ed Cooke escaped from jail here yesterday.

GREAT BRITAIN'S MEANNESS.

She Finds Another Excuse and Refuses to Enter a Sealing Conference.

LONDON, Oct. 7.—The officials of the British foreign office have communicated to the United States ambassador, Colonel John Hay, the final decision that the government of Great Britain must refuse to take part in any sealing conference with representatives of Russia and Japan. The British government, however, asserts its willingness to confer with the United States alone, but it insists that Russia and Japan are not interested in the Eering sea seals to a degree entitling them to representation at the conference. The British government does not suggest any date for a conference with the United States, and it is thought probable in London that Great Britain's withdrawal will result in two meetings, one between the United States, Russia and Japan, and the other between the United States, Great Britain and Canada.

It can not be too strongly reiterated that the withdrawal of Great Britain from the Washington conference is due Canada's insistence, and that until the Canadian officials informed the foreign office here of Canada's objections to meeting Russia and Japan, out of fear of being outvoted, Great Britain fully intended to enter the conference with the three other governments.

But for Colonel Hay's representations, the first announcement of Great Britain's unwillingness to take part in the conference would have been final, but the United States ambassador so plainly pointed out the unusual character of Great Britain's change of mind at so late a day, that some of the foreign office officials decided to reopen the question and have been endeavoring, but unsuccessfully, to secure Canada's acquiescence.

Sir Julian Pauncefote the British ambassador to the United States, also used his influence in a spirit of friendliness to the United States in an effort to secure the adherence of Great Britain to the original program.

The diplomats here consider that Great Britain's course was not courteous to Russia and Japan.

Experts who have been investigating the sales of seal skins in London, in order to obtain evidence for the use of the United States at the conference, have proof that 80 per cent of the skins sold by the Canadian companies are those of female seals, and that most of the animals were shot.

BIG FIRE IN DETROIT.

Three Large Buildings and a Block of Tenement Houses Destroyed.

DETROIT, Oct. 7.—The center of Detroit was the scene at 1 o'clock this morning of a conflagration which totally destroyed three large buildings and contents, damaged several others and threatened destruction of at least an entire block of the most valuable property in the city.

The blaze originated on the stage of the Detroit Opera House. Simultaneously with the breaking out of the fire there were several loud explosions, presumably the bursting of stage lighting apparatuses. The flames quickly enveloped the rear of the theater and made a furnace of the interior. The opera house, with all its contents, including the handsome scenery, costumes and equipment of the Julia Arthur company were destroyed in short order.

The rear of the 10-story building occupied by the H. Leonard Furniture company caught fire and nothing of the structure or contents remains but the steel frame.

The 4-story building of the Mitchell Table Supply company, east of theater, was gutted and partially destroyed, and several other buildings were slightly damaged.

A block of tenement houses at the foot of Hastings streets caught fire from sparks from the opera house fire and were destroyed.

WOMEN WARNED.

White Cap "Notice" That Good Citizens Will See Is Not Carried Out.

MOORESVILLE, Ind., Oct. 7.—Four young women about five weeks ago came to this place direct from the Pentecostal campmeeting at Broad Ripple. They engaged an unoccupied Christian church and began holding a series of meetings nightly. They met twice on Sundays, and on each Saturday afternoon gathered on the public square. They have conducted themselves in a modest manner, and have had large congregations at every meeting.

Notwithstanding this, last Monday night they were served with a White Cap notice, which was tacked on the church door, while a bundle of switches was placed on the church steps. The notice was an order to leave town in 24 hours. The band has held its meetings every night since then and the members say they will continue to meet. It is asserted that the persons serving notice are known, and that there are plenty of good citizens to protect the Pentecost band.

Cattle Dying From Dehorning.

VALPARAISO, Ind., Oct. 7.—News received here from Pleasant township states that cattle owned by Nelson Morris of Chicago (mostly bulls) are dying by the hundreds on account of dehorning and other treatment unsuitable for hot weather. According to reports, 400 have died.

Good Hotel Burned.

MILES CITY, Mont., Oct. 7.—The Maqueen hotel burned last night. Loss \$50,000, insurance \$27,000. Many guests had very narrow escapes from death. F. McVeagh & Company owned the hotel.

FIGHTING THE FLAMES

Forest Fires' Destruction in Northern Ohio.

TOWN WIPED OUT OF EXISTENCE.

Thousands of Dollars' Worth of Timber and Crops Destroyed—Miners Busy in Trumbull County—Death of a Bank President—Child Fatally Hurt—Prisoner Pardoned—Other Ohio State News.

BOWLING GREEN, O., Oct. 7.—Very disastrous forest fires are raging in Wood county and thousands of dollars' worth of crops and timber has been destroyed. At Sugar Ridge the inhabitants of the village are fighting the flames to save the town from being wiped out. The village of Buntetown is almost entirely in ashes and the large sawmill burned. Nearly all the cornfields for a space of three miles square have been burned and the crops are an entire loss.

At Dukay, south of here in the oil fields, forest fires are raging and great fears are entertained by producers that the blazes can not be kept from destroying oil wells and derricks. Every man that can be employed is working night and day to check the spread of the flames. The earth, which is as dry as timber, seems to be literally on fire.

Five Miles of Fire.

MARION, O., Oct. 7.—Forest and prairie fires are still doing much damage in this county. Yesterday afternoon the grass along the Columbus Sandusky and Hocking caught fire and burned everything before it. Forty-five acres of woods were ruined, several sheds and a mile of fence were burned. Over 200 men were put at work fighting the flames, which traveled for a distance of five miles before they could be extinguished. The damage is great.

WARREN, O., Oct. 7.—The increased price of coal has kept the small mines in Trumbull county busy. About all of the larger mines are worked out, but in Mineral Ridge, Vienna, Brookfield and Liberty there are many small mines, which have been operated to their full capacity. Dealers say coal will be down to almost the price of 1896 in a month.

Bank President Dead.

LONDON, O., Oct. 7.—Stephen Watson, president of the Madison National bank and vice president of the London Exchange bank, died of Bright's disease yesterday afternoon. He was one of Madison county's most wealthy citizens and was an uncle of Hon. D. K. Watson and Colonel James Watson of Columbus.

Child Fatally Hurt.

FOSTORIA, O., Oct. 7.—Willie Otten, aged 7 years, was fatally injured late yesterday afternoon, by a heavy beam which fell on him while he was playing on a pile of lumber. When taken out he was unconscious. His kidneys are believed to be crushed and no hopes are entertained for his recovery.

Worried Into Suicide.

TIFFIN, O., Oct. 7.—James C. Price, a well known farmer, living near Melmore, this county, committed suicide yesterday by hanging himself to a rafter in his barn. He had recently purchased a farm and since thought he had paid too much for it. This worried him greatly.

Prisoner Pardoned.

COLUMBUS, O., Oct. 7.—Squire Smith, a colored man sent up from Cincinnati in 1892, on a 15-years' sentence for rape, was pardoned from the penitentiary yesterday. Smith pleaded guilty at the time of his trial, but claims to have done so on account of a fear of lynching.

Farmers Pray For Rain.

HOLGATE, O., Oct. 7.—Farmers west of this city gathered in a massmeeting in the grove and offered prayers for rain. Not a drop of rain has fallen for the past two months, and farmers have already lost thousands of dollars.

DIED IN HIS BERTH.

Terrible Discovery Made by Mrs. William J. Work on a Train.

CHICAGO, Oct. 7.—When Mrs. William J. Work awoke in her berth just before the Chicago and Erie train from the east drew into the Dearborn station, she discovered that her husband, whom she supposed had been sleeping, was cold and apparently in a faint.

An examination by a physician on board the train disclosed the fact that Mr. Work had been dead for several hours. He had been spending the summer at New London, Conn., in the hope of relief for an affection of the lungs. He and his wife took the train for Chicago at Mansfield, O., last night, and it is thought Mr. Work died soon after retiring.

Farmers Fighting the Flames.

ELWOOD, Ind., Oct. 7.—Fires are raging south and west of Elwood and great damage is being wrought. One conflagration started on the farm of I. T. Boyden, burning up rye and corn fields and destroying fences. Farmers are fighting the flames in order to save their homes.

Jury Disagrees.

PARKERSBURG, W. Va., Oct. 7.—The jury in the case of Jessup Brown, for maiming for life George Morlang, saloonkeeper, in a fight, could not agree and were discharged. Insanity was the defense set up.
